Portfolio

[Website link](#)

Creative game dev student with a knack for coming up with game mechanics and gameplay, and translating this into (C++) code. Experience with Unreal Engine 4 and Unity, but quick to adapt to in-house engines as well. Comfortable working alone or in team and capable of keeping track of the big picture in a project.

Education

Sept 2019 - Current

Bachelor: Game Development

Digital Arts and Entertainment, Howest

- Learned programming with C++ as main language.
- Worked on multiple game projects, both in group and alone.
- Worked in Unreal Engine 4 (both blueprints and C++) and in Unity.
- Has base knowledge of AI, graphics and 3D workflows.
- Can work both in team and alone, inside or outside working environment, and keep to deadlines.

Skills

- | | | | |
|---------------------|------------------------|---------------|------------------------|
| • C++ | <div><div></div></div> | • UE 4 | <div><div></div></div> |
| • C# | <div><div></div></div> | • Unity | <div><div></div></div> |
| • 3ds Max | <div><div></div></div> | • Photoshop | <div><div></div></div> |
| • Substance Painter | <div><div></div></div> | • Word, Excel | <div><div></div></div> |
